Dear Sir:

Prior to examination, please amend the above referenced application as follows:

IN THE ABSTRACT:

Please amend the abstract as follows:

Abstract of the Disclosure

A bill acceptor for a gaming machine including a receiving zone for receiving a tendered bill. A sensing device is arranged at an input region of the receiving zone for sensing at least one characteristic of the bill. A controller is in communication with the sensing device for receiving an output signal from the sensing device. An annunciator is controlled by the controller to be activated when a bill acceptance rate of the controller drops below a predetermined threshold.
